All proceeds from the event will be used to support the programs and students of the Chautauqua Regional Youth Ballet. For the past 20 years, CRYB has been the only program of its kind in this area, offering quality training in classical ballet to area youth. Through the generosity of our friends and patrons, scholarships have made it possible for all students with the drive and talent to pursue their passion for dance regardless of their financial situation and have made it possible for the art of ballet to thrive in our community.
